To pursue a challenging career in an Organization, where I can devote my full effort to achieve the goal of the working place and to take the job with a great sense of responsibility.

### Experience

- Working as a Radio Frequency Engineer at **Starlink Engineering ltd** from August, 2017 to Now.

Address: level-4, Ga-63, Mohakhali, P.S. Gulshan, Dhaka-1212,

Phone: +88 029862208, +88 01755520666.

### Trainings

Name	Institution/Organization	Address
<b>Programming of PLC</b> for industrial automation, maintenance and troubleshooting for PLC system.	Engineering Staff College, Bangladesh	IEB Headquarters, Ramna, Dhaka.
<b>Simple line follower's robot construction.</b>	Engineering Student Association of Bangladesh	American International University-Bangladesh
<b>Green rule based</b> on Renewable energy.	Engineering Student Association of Bangladesh	American International University-Bangladesh

## **Educations and Qualifications**

### **Bachelor of Science (B.Sc):**

- American International University-Bangladesh
- Electrical & Electronic Engineering (EEE)
- Major : Power
- CGPA : 2.69 (out of 4)
- Passing year : 2016

### **Higher Secondary Certificate (H.S.C):**

- Kashipur High School and college
- Group : Science
- Result : 3.20 (out of 5)
- Passing Year : 2011
- Board : Barisal

### **Secondary School Certificate (S.S.C):**

- Kashipur High School and college
- Group : Science
- Result : 4.88 (out of 5)
- Passing Year : 2009
- Board : Barisal

## **Project**

Project was Design and implementation of smart energy meter. Our goal was providing user friendly online interface & eradicating these Problems; Like Present billing systems are dependent on Manual door-to-door meter reading system. Thus it exposes the risk of being over billed or unethical lower billing. Traditional paper based billing doesn't allow users to get an overview on their bills anytime if they want. The accomplishment were these; the system can be accessed from the wireless device and monitor the system, the system can calculate the data automatically and save the data for further use, the billing info is easy to access than ever before due to server feeding system. Impact on social life is as the system is automated and easy to access for the user, so that they can monitor the system for perfect billing & the labor cost can be reduced because of the automation.

## **Membership**

- Associates member at The Institutions of Engineers Bangladesh (IEB).

## **Extracurricular Activities**

- Worked as a Volunteer of e-Ag Conference held at Hotel Pan Pacific Sonargaon, Dhaka 3-4, December, 2014.
- Worked as a Volunteer of International Conference on computer & Information Technology (ICTIT) held at Daffodil International University (Permanent Campus), Dhaka 22-23, December, 2014.
- Worked as an Executive of AIUB Unit Face at Engineering Student Association of Bangladesh.
- Worked as a Volunteer at Jaago foundation.
- Worked as a Student member AIUB Community of Engineering Student.
- Worked as a Volunteer at Project kombol concert.

## **Interest**

- Computer based learning, Movies, Playing, Reading book, Travelling, Internet browsing etc.
- Mostly being socialized with people.

## **Languages**

Name	Reading	Writing	Speaking	Listening
Bengali	High	High	High	High
English	High	High	Moderate	High

## **Capabilities**

- Readiness to work with a stress worthy environment.
- Immensely observant and adaptive to new technology.
- Ability to manage things and work with group.
- Creative, Enthusiastic, Self motivated, hard working.
- Have capability to handle an unexpected situation at work.

## **Computer Skills**

- Microsoft Office Package (Word, PowerPoint, Excel).
