CAREER OBJECTIVE

To work with a positive attitude in a renowned organization where I can prove myself by working in a challenging environment and explore my full potential by upholding the company objectives as a member of the team and fulfill both organizational and personal goals.

ABOUT ME

I am a frontend web developer, and working as a fronted developer from 2 years. My skill includes computer programming, web design and development. Currently I am learning React.js. I wanted to become a full-stack web application (React.js, Angular.js, Node.js, MongoDB) & cross platform mobile application (React Native, Flutter) developer. I am a dedicated, cooperative, self-assured and articulate professional.
