Professional Experience

Teaching Assistant at American International University Bangladesh(AIUB), Dhaka, Bangladesh

Jun, 2021 - Sep, 2021

As a teaching assistant, I have achieved firsthand experience in teaching, student management, and lab tasks. My task was to help the students to do their lab tasks. If they faced any difficulties my task was to give them the proper solution. I also helped them to give feedback and advised them on different issues. The students utilized the chance and I tried to assist them at my level best. I tried to learn activities regarding teaching assistants, tried to learn the role of a teaching assistant, tried to learn ideas about the course involved, and tried to learn how to improve the various aspects of teaching.
