# SK. MD. MUHIBUR RAHMAN

Product Owner (Product Development)

## Compendium

Seeking a challenging position where I can leverage my skills and abilities to contribute to the company's growth while furthering my career. I am a results-oriented individual with a strong focus on performance and quality, driven by a sense of responsibility and always ready to embrace new challenges.

I am a Detail-oriented and strategic Product Owner with years of experience driving the development and delivery of innovative products. Proven track record of translating business requirements into actionable product roadmaps and collaborating with cross-functional teams to ensure successful project outcomes. Through my involvement I have consistently supported the attainment of company objectives and strategies. By actively participating in cross-functional teams, I have gained valuable real-world experience and benefited from the mentorship of IT and business professionals. This exposure has allowed me to acquire proficiency in various systems, efficient development practices, and effective management and business techniques.

With my commitment to delivering outstanding results and my passion for continuous improvement, I am well-prepared to make a positive impact and drive success in any organization.
